PREMIUM GLASS BALUSTRADES

WITH ARENA-POINTS YOU GET A CHOICE!

POLISHED STAINLESS STEEL 316L

The popular and traditional polished Stainless Steel Arena-Points. Mirror polished for appearance and to assist with corrosion on exterior applications. Grade 316L.

PRODUCT CODES #AOS050DS.PF AND #AOS050DT.PF

SATIN STAINLESS STEEL 316L

Attractive matt finish stainless steel Arena-Points, for interior applications (exterior use not recommended). Grade 316L.

PRODUCT CODES #AOS050DS.SF AND #AOS050DT.SF

POWDERCOATED ALUMINIUM

Powdercoated aluminium Arena-Points. Can be used to colour match the building colour scheme, or to blend in with screen printing on the glass. (Arctic White Arena-Points illustrated above with a white strip screen printed on the glass).

THREE POPULAR COLOURS TO CHOOSE FROM

- ARCTIC WHITE. **PRODUCT CODES #AOA050DS.AW AND #AOA050DT.AW**
- SILVER PEARL. **PRODUCT CODES #AOA050DS.SP AND #AOA050DT.SP**
- MATT BLACK. **PRODUCT CODES #AOA050DS.MB AND #AOA050DT.MB**

SATIN ANODISED ALUMINIUM

25 micron Satin Anodized aluminium Arena-Points. A very durable and attractive matt finish metallic look, synonymous with modern/urban style of architecture.

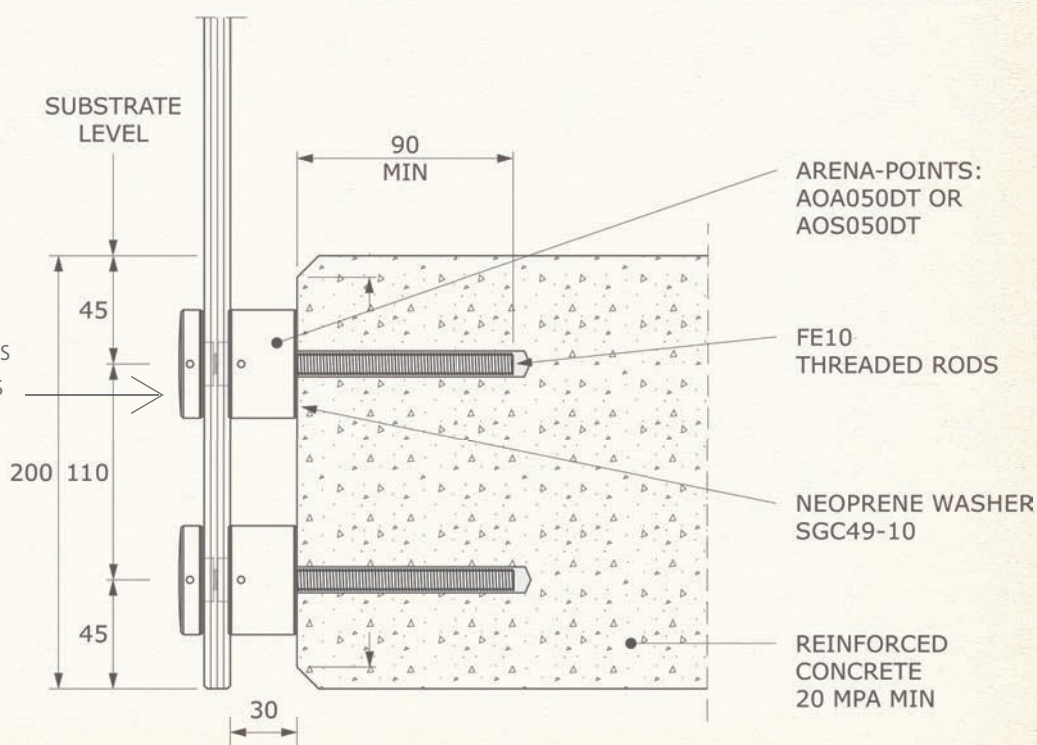

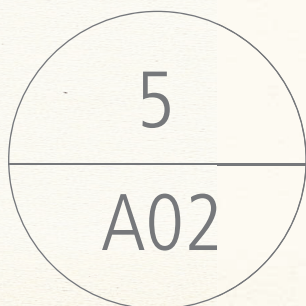

PRODUCT CODES #AOA050DS.NA AND #AOA050DT.NA
